OR HANS OF ICELAND A Distinguished American author

says:

"No work that Victor Hugo has written exhibits his talents as a novelist in a more marked manner than 'Hans of Iceland.' It is remarkable in its way as 'Les Misérables,' which it preceded two years, showing the same audacity with dash and boldness, the same power of holding and gripping the reader's interest, and the same force and intensity of description in prose as in the pages of the 'Days of the Year.'

For sale now at the price of twenty-five cents per copy.
